★ Alarming Indicator: High-brightness LED lamp multi-zone alarm indication. zone indicators are highly visible even in direct sunlight

★ Location calibration: Visualize the location calibration indication, the system will automatically and accurately display the current calibration detection zone position, which is convenient for immediate sensitivity adjustment.

★ Working frequency: 50 selectable working frequency band, 100,000 historical records can be queried
SA300

SA300 8 multi-zone walkthrough metal detector provides standard performance and basic program selections engineered to meet the varying security requirements of schools, stadiums, government buildings, mass transit, nightclubs, prisons, airports, entertainment venues, loss prevention and special events,

Zone Indications:	8 zones
Sensitivity adjustable:	0-255
Self-Diagnostic Program	Complete and automatic
Battery Packs *(optional)*	4/8/10hours for power supply backup
Warranty	2 Years Warranty and 10 Years Parts Supply Availability
Display	Two LED light bar, small LCD display
Electrical current:	AC100V~240V 50/60Hz
Power	15W
Work environment	-20℃~+55℃
Outer frame	2230mm (h)*820mm (w)*500mm (d)
Inner frame	2020mm (h) *700mm (w) *500mm (d)
Net Weight(unit)	55kgs
Gross Weight(unit)	65kgs
Packing size(head box)	755mm(L)*435mm(W)*255mm(H)
Packing size(door frame)	2290mm((L)*635mm(W)*210mm(H)

Optional accessories:

Metal Detector Divesting Table:
For management of personal metal belongings
Standard size: 1000(L)*236(W)*800(H)mm

Metal Detector Feet Wheels:
For easy moving without disassembly
Different model has different matched type
